Students may be asked to sign an additional agreement by some of the hosting universities, for instance to get access to the building and labs. Such an agreement may stipulate a code of conduct, confidentiality, property rights etc.

4. Programme cost & other costs

Students without an EMJMD scholarship are expected to pay the full yearly programme cost of WE-TEAM for one preceding the start of the 1st academic year, before the 1st of September preceding the start of the 2nd academic year and before the 15th of October or the 15th of February preceding the start of any additional semester(s). Details for the payment will be provided at enrolment.

The payment of the Programme cost covers tuition fees, institutional enrolments, the mandatory EMJMD insurance and the extra costs for organising the programme (including laboratory work and excursions, project and master thesis research). Costs related to participation in extracurricular courses (e.g. language courses, additional elective courses) and other costs (e.g., costs related to internal mobility) are at the charge of the students. The student must cover travel, living and subsistence costs.

The student also takes notice of the insurance scheme coverage, and agrees that additional insurance aspects that may not be covered by this insurance, such as any designated insurance policies instructed as mandatory by each hosting university, are at his/her own expenses. Accompanying spouses and/or children can be covered by this insurance scheme at cost of the student, after having informed the Coordination Office.

The programme cost is paid at Ghent University.

The student understands that he/she may be excluded from the WE-TEAM Programme if:

- the student cannot justify his/her absence from mandatory lectures, practical sessions, field trips, informative and official meetings with medical certificates or explicit permission by the WE-TEAM staff (to ensure permission, the student must ask in advance);
- the student fails to acquire 50% of the ECTS in the first year;
- the student is the subject of disciplinary measures leading to his/her exclusion from the WE-TEAM Partner Institutions;
- the student is the subject of legal prosecutions that prevent him/her from attending the WE-TEAM Programme;
- the student withdraws from the WE-TEAM Programme, on his/her own decision or by force majeure.

Re-registration beyond the regular duration (24 months) or leave of absence:

- Students who have not successfully completed at least 120 ECTS at the end of 24 months of regular study programme need to re-enrol for at least one additional semester.
- If a student needs to be enrolled for one or more additional semester(s) after the fourth semester, the programme cost to be paid is 1250 EUR per semester.
- A student can address the WE-TEAM Management Board to request a (partial) waiver for an additional semester but needs to do so before September 1st (fall semester) or February 1st (spring semester). The WE-TEAM Management Board will decide case per case whether or not a waiver is possible or advisable.

- The payment of the additional programme cost covers the institutional enrolments but **not** the insurance. In this case, students are no longer automatically subscribed to the European insurance scheme. Students can in this case choose to continue the insurance on their own financial means.

5. Withdrawal from the Programme or leave of absence

If a registered student decides to withdraw permanently from the Programme, or wants to take a leave of absence from the programme, the student needs to inform the WE-TEAM Management Board in writing. In addition, the student needs to inform UGent and follow the administrative rules and regulations of the university in which the student is registered for that semester. If a student withdraws from the Programme or if a student is granted a leave of absence during either semester of the academic year, he/she will be eligible for a refund in accordance with the conditions set forth below. UGent will notify the other Full Partner universities about the withdrawal. In case a student was requested to withdraw for failure to maintain a satisfactory scholastic standing, no refund is possible.

The effective date is the date that UGent receives the student's written request for withdrawal or leave of absence.

A student who is required to withdraw because of a violation of regulations will not receive a tuition refund.
